Dear Mr. Messenger:

Per my telecon with Ms Carol Alexander, I am enclosing 1 copy of the referenced final report and appendicies for your files. The enclosed technical report is Phase II (Remedial Investigation/Feasibility Study) of the Installation Restoration Program. Phase I (Preliminary Assessment) was submitted to you in 1985 and your comments were incorporated in the workplan for the remedial investigation. Please review the enclosed documents and respond to us with your concurrences and/or disapprovals.

I had requested in our telecon a future meeting to assist in developing a Management Action Plan (MAP) for the Base Installation Restoration Program (IRP). The MAP will be developed to expedite the IRP process. I will contact you in order to determine an appropriate date for a meeting. If you have any questions, please contact me at (618) 256-4165.

Sincerely,

Timothy P. Tedesco
